Guided Walks around King's Lynn

2020 Private Bookings

King's Lynn has over 400 Listed Buildings Grades I, II* & II, with the finest medieval architecture in the country for a town of its size.

The town's unique 12th Century development and prosperous Hanseatic trading links created one of the wealthiest towns in medieval England. Today, its architectural legacy includes two Market Places, two Guildhalls and two Churches (one of each of which is the largest in England).

Due to covid-19 restrictions the 2020 programme has been cancelled, but the Town Guides may be available for small private bookings, subject to government advice and a guide being available.

Details of the walks can be found online at www.kingslynnTownguides.co.uk and these will be adapted in accordance with the latest covid advice. Please contact us to discuss your requirements.
